Representative Clients

40 year member of Central Florida community who has been representing families in crisis from all walks of life including doctors, lawyers, judges, educators, professionals, business leaders, professional athletes and their families.

During my 40 years of practice, I have prosecuted or defended a trial court's decision on fewer than a dozen occasions and have been successful on each appeal.

Meditation Philosophy:

I have had the privilege of mediating cases for 25 years in Orange, Seminole, Lake, Brevard and Volusia County. and I have great enthusiasm and energy for the process. I strongly believe in the concept of self determination that allows the parties to take charge of their destiny in the mediation process. Whatever time and energy is necessary to permit the parties to feel that they have been heard and their concerns expressed, is time well spent.

Regardless of whether it is a 3 hour or 13 hour mediation, most often, at the end of the day, I leave energized and grateful for the opportunity to bring couples in conflict to an amicable resolution.
